

Technical Communication - Lab 3

UTKARSH KUMAR 23114101

February 2026

1. In Figures 1 and 2, we show how to add images in $\text{\LaTeX}$ with TikZ. The figures are taken from [EME22].

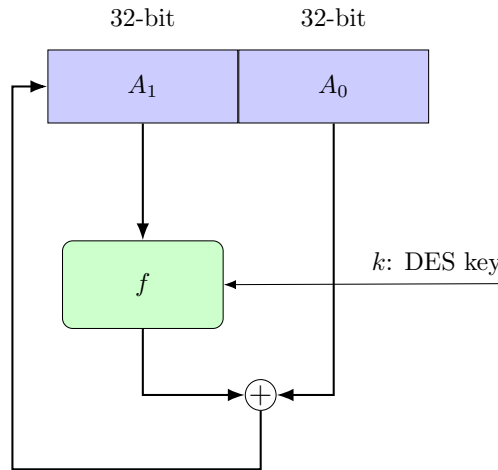

Figure 1: A diagram of word-based feedback shift register

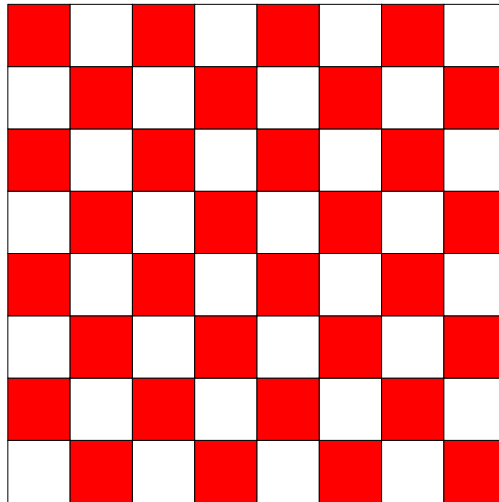

Figure 2: A diagram of checkerboard

2. In Figure 3, we show how to add two figures side by side. In Figure 4, we show how to use the subfigure environment. The subfigures are shown in Figures 4a and 4b and taken from [HDRM23, Section 1].

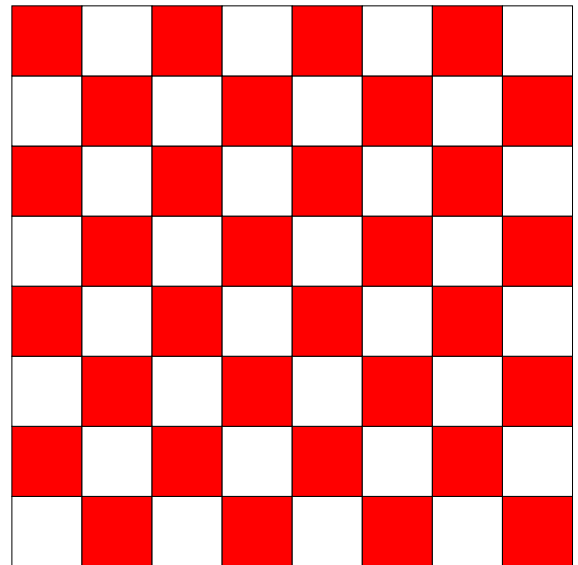

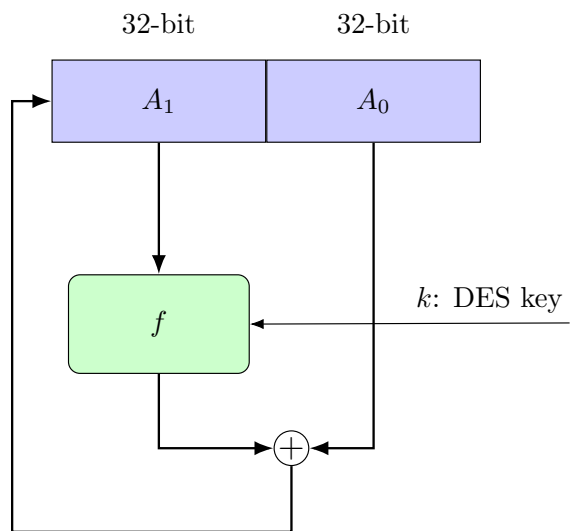

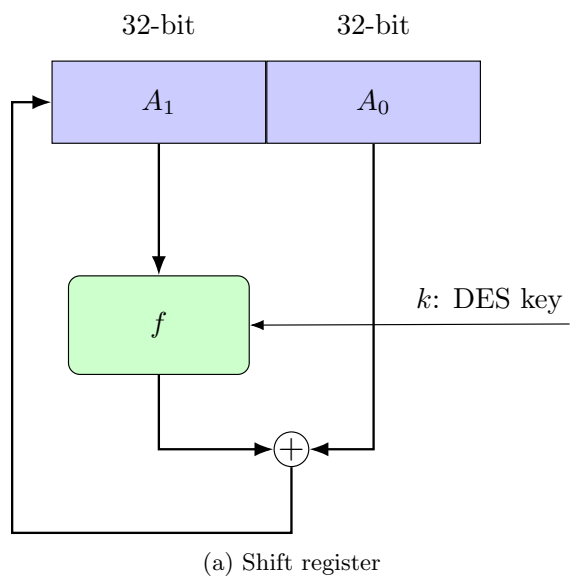

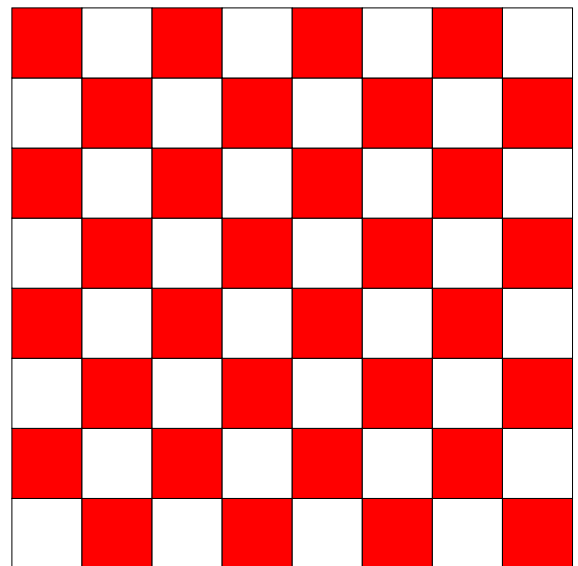

Figure 3: Putting figures side by side

(a) Shift register

(b) Checkerboard

Figure 4: Subfigure environment

3. In the following we show how to use the minipage environment and add images in the same environment as shown in Figures 5 and 6. The resources are taken from [Ind26].

Groups

The ubiquitous student groups are what set IIT Roorkee apart from the other technical institutes in India. Here do the like-minded gather to work together toward a certain goal — be it getting out a magazine on time, or putting together a one-hour concert, or making a trip to a nearby village for social work. From togetherness comes success and this feature of life here certainly adds spice to the lives of the students.

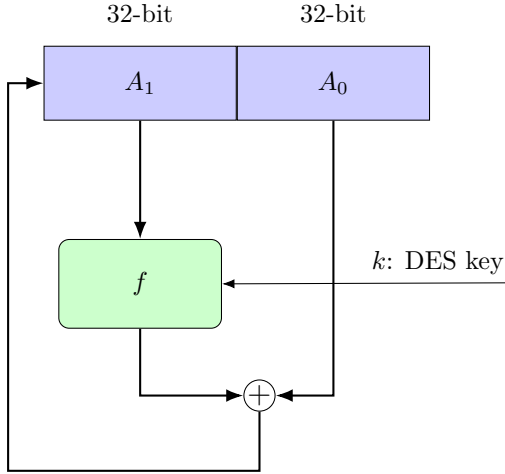

Figure 5: Shift register within Minipage

Fitness

Fit India Mission encourages people to become part of Fit India Movement by inculcating at least 30–60 minutes of physical activities in their day-to-day lives. The mission of the Movement is to bring about behavioral changes and move towards a more physically active lifestyle.

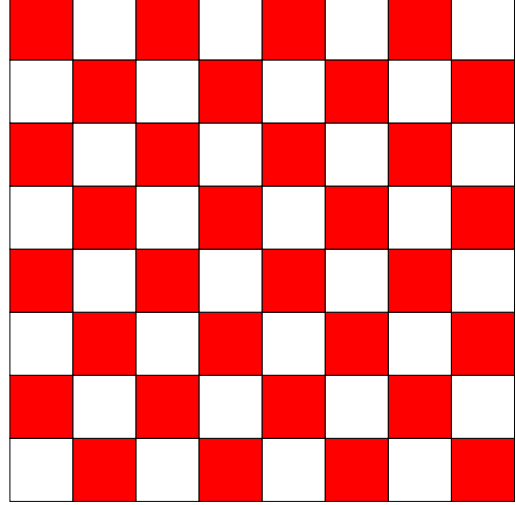

Figure 6: Checkerboard within Minipage

4. The references [HDRM23, EME22, Ind26] are used in this lab.
